## WHAT IS ASSET PROTECT?

A new insurance product created by JLT Sport, in conjunction with the AFL and your State League/Association, providing very important cover for your club's property and assets.

It is covered by a unique Jardine Discretionary Trust (JDT) arrangement supported by insurance protection offered by CGU. More information about the JDT is available on our website.

## WHY IS THIS PART OF THE AFL NATIONAL PROGRAMME NOW?

1. To ensure that all affiliated clubs and leagues have a minimum base level of coverage to protect their assets from fire, theft, damage etc;
2. To obtain an extremely cost effective and simple solution for this form of coverage; and
3. To provide access to a policy type normally reserved for much larger organisations.

## COMPETITIVE PREMIUMS? ABSOLUTELY ...

By utilising the collective purchasing power of over 2,000 Clubs and Leagues, it is estimated that the annual savings for Australian Football are well over \$2 million (compared to clubs and leagues seeking to replicate this cover themselves). The actual cost per club is only \$200 plus GST.

## SHARING ASSETS? NO PROBLEMS ...

For football clubs who share the same club rooms and equipment, please note:

- Both clubs should discuss their potential coverage needs above the base level
- One club may then purchase Asset Protect on behalf of both clubs

If your club shares the building with a separate sport, each club needs to take out individual coverage. Many sports including Netball, Cricket, Football (Soccer) etc are also insured via JLT and can gain access to the Asset Protect product.

## NEED MORE COVER? EASY ...

You can obtain a competitive quote for "Top Up" coverage on our website or please call JLT Sport to discuss your options on **1300 130 373**.

## HOW DO I PAY FOR IT?

The same way you currently pay for your national program insurance. Check with your League or State body if you are not aware of the arrangements.

## ALREADY HAVE A PROPERTY POLICY?

If you have a current Policy please call JLT Sport to discuss your options.
