

RISK MANAGEMENT

AUSTRALIAN FOOTBALL NATIONAL RISK PROTECTION PROGRAMME

“If you don’t attack risks, risks will attack you”

Risk Management is one of the most important things you do every day. Wearing a seatbelt, doing your tax or checking the grounds before a game are all forms of risk management.

All clubs must take risks. Risk management is about deciding which risks to take and how to manage their outcomes.

Good risk management means quality assurance for your players, coaches, spectators and volunteers.
